## Botanica Collection

An exotic compendium of fabric, capturing the renaissance 'cabinets of curiosities', with a modern, more gentle twist. Hand drawn shimmering beetles, butterflies and dark painterly florals add drama, with luxurious satin and embroidery detail. Our Botanica wallcoverings collection complements the look perfectly.

## Botanica Wallcoverings Collection

Atmospheric and rich in eclectic Victorian influences. Hand-marbled papers evoke antique encyclopedias and paint a rich botanical story, made modern by hints of precious metals. Delicate pressed flowers and ferns depicted in print, inspired by an enchanting walk through a wild garden. Our Botanica fabrics collection complements the look perfectly.
